

## PARADOX PDX-TM70 DATASHEET

### Overview

The Paradox TM70 is a 7 inch touch screen keypad with an impressive resolution of 800 x 480 pixels. The TM70 supports Spectra, Magellan, EVO and the next generation Swan panels. Built with a sleek design and low-profile of just 15mm the TM70 is perfect for any environment. Exciting features include a screen saver, adjustable brightness with auto dim mode, indoor temperature display, bus voltage reading, multi-partition control and the ability to work as a digital picture frame.
